SOME solemn and superficial people (for nearly all very superficial people are solemn) have declared that baseball, played on the only day in which it is possible for workers to play, is immoral. Whereas on the contrary, Sunday baseball is really a holy occupation.

If you attend a ball game you will find that one idea runs from beginning to end—the idea that peace and happiness can only exist upon the condition of perfect fairness. "Do your best and don't butt into the affairs of others." That may be described as the Golden Rule of the game, the profound morality of baseball.

Theoretical morality on Sunday morning at Church, supplemented by practical morality in the afternoon on the ball ground, makes for an ideal day and one which all true, patriotic Ripleyites will support. The dreadful solemnity of a Puritan Sunday will never be sanctioned by any religious man or woman.

After all, to learn, to worship and to play constitute life. Indeed, from a truly religious point of view, it might be very reasonably maintained that the true object of all human life is play. Earth is a task garden, heaven a playground, and each of us pray for the time when things will be on earth as in heaven.

To play and to look at play is to become rejuvenated, and to be rejuvenated is to become

like the inhabitants of Heaven. When a Preacher will umpire a ball game fair and square Sunday afternoons, that man will, it is safe to prophesy, have little reason to ask, "Why do men not go to Church?"

Once again, Hoch Der Ball Game! And thank Heaven it is not a ten round glove fight or a popular torreador that draws the crowd.—Jack Random in Ripley Bee.

A WOMAN looks prettier getting a baby to sleep than she does on a public platform, says an ex-philosopher; and then it also adds to the quietude of things.

THE only way for RUD HYNICKA to run Louisville theaters and politics is to move over to the Falls City. Cincinnati George B. Cox methods couldn't make things any worse.

ONE by one ancient rights are being taken from us. They have an ordinance in Washington which forbids any one keeping a rooster on his premises. How do they expect our rural Congressmen to know when to get up in the morning?—Kentucky State Journal.

IT must be a consolation to those who look upon the automobile as a nuisance to read about the many fatal accidents to the users of the "gasoline horse." More people are killed and crippled by autos than by railroads, balloons and all other means of locomotion.—Carlisle Mercury.

Miss Feiler Said to Have Made \$500,000 by Showing Where Productive Strikes Could Be Made

The payment of \$150,000 to Miss Stella Josephine Feiler of Harris county, Texas, has brought to light, it is declared, that the young woman possesses some remarkable power by which she locates oil and minerals.

The \$150,000 was paid by ten land owners upon whose property two productive wells were struck after Miss Feiler had located oil not far from the Humble field.

Miss Feiler, it is said, has accumulated a fund of over \$500,000, and is erecting an Orphan Asylum in Beaumont with the money she received for locating oil and sulphur lands.

The Railway Magnate Purchases a Beautiful Kentucky Thoroughbred From L. T. Anderson

"Inspiration," Mr. Langborne T. Anderson's beautiful chestnut sorrel, walk, trot and center gelding, which attracted so much attention here and at other places, is now the property of Edwin C. Hawley, the railway magnate of New York, and the new owner of the Chesapeake and Ohio Railroad.

The price is private, but it is known to be in four figures, and is the highest price ever paid for a gelding in this county.

Last Saturday afternoon when Mr. Hawley and other New York millionaires were stopping at the Maysville Depot on an inspection trip, he saw "Inspiration," driven by Mr. Anderson, and he liked his action and style so well that after he left he arranged for the animal's purchase through Mr. Gerrett B. Wall, and he was shipped to New York yesterday over the C. and O.

The wedding of a Philadelphia heiress and her chauffeur furnishes another indication of the passing of the family coachmen from romance.

Since Ashland has illuminated her streets with nearly a score of archad lights, and also Huntington, Catlettsburg may follow suit. Any one who has seen the illuminated arches in Cincinnati and other cities, there can be no doubt that as a city beautifier there can be no improvement over the system. The scheme would also help Maysville, and it is not expensive, either.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—MRS. ALVENA SPERLING, 11 Langdon Street, Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down, feebleness, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

AT THIS STORE YOU ARE SUPPOSED TO BE CAPABLE OF SELECTING WHAT YOU WANT. . . . .

The average man of intelligence may be trusted to select a suit of clothes that is suited to his "personality." His personal taste decides, and he decides rightly. The rubbish that is being printed to the effect that unless a man is guided and directed and advised and admonished (usually this monitor is to be a green clerk or a somewhat green tailor) he will buy something that will disgrace him and that will not suit his "personality"—it's all rather tiresome, don't you think? This store does not know your "personality" as well as you do. You may buy the suit you want—and it will suit your personality, never fear.

Prices \$7.50 to \$25.

#### DO YOU KNOW YOUR LETTERS?

Any man who can read would probably resent such an imputation of ignorance as this question conveys. "Do you know your letters?" is what is asked the little tot when he or she first sets foot in school. But grown up men and women may be pardoned for believing they are speaking the truth when they answer "yes" to the question. The chances are, however, that they don't know their letters. Why has "A" its present shape? Stomped the first time! Every American ought to know that. A takes its shape from a picture of an eagle. B was once the picture of an Egyptian bird. D represented a man's hand. F was the banded viper. The two upper strokes are the remains of the horn and the perpendicular line the up right body of the viper. H was once the semblance of a sieve. We got our letters from the Phœnician alphabet, which in turn came from the hieroglyphic picture-writing of Egypt. So don't be so sure of your knowledge next time you are asked a simple question.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### INDIAN RELICS UNEARTHED

Valuable Find in West Virginia Which May Be of Mound Builder Origin

Many Indian treasures, valuable antiquities and the skeletons of at least six human beings were unearthed 20 miles above Huntington, on top of a hill at the Thornily place, Tuesday, says The Huntington Advertiser. The hill is near the O. R. Division of the B. and O., directly across from Crown City, Ohio.

The treasures were uncovered by a farmer and his son, who were at work digging in the vicinity. The washing and sifting of the earth near the hilltop had nearly uncovered the skeletons, which were resting on a flat rock and were surrounded by any number of antique weapons, including brass and copper beads, pipes, hatchets, flints and implements of like character.

The find brought many to the scene from a distance, especially those interested in historical antiquities, and many of the trinkets were carried away by the curious. No restrictions were placed on the visitors by the owners of the land and it is hard to estimate just what of value was carried away.

It is expected that museums from many parts of the country will compete for the possession of the discoveries, although it is yet hardly known generally, except in a small radius of the locality. Those interested in relics of all kinds have notified museums and saved as much of the articles as possible.

Although the report of the exact extent of the discovery was very meager, beautiful beads of rich design were said to have been found; also, many bracelets and Indian ornaments.

Several very unique designs of pipes and hatchets were brought to this city yesterday by those returning from the scene.

The Negro disfranchisement bill has received its final defeat in the Florida House.

Hundreds of contestants will take part from Nicholasville, Carlisle, Mt. Sterling, Sharpsburg, Owingsville and other neighboring cities, and about fifty gold medals, offered by local business men, will be presented to the winners.

#### JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. A lame, Weak or Aching one. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case: J. M. Lloyd, farmer, R. F. D. No. 5, Maysville, Ky., says:

"I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it will be the means of helping some other sufferers from kidney trouble in finding relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant, dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. I at length heard of Doan's Kidney Pills, procured a box at J. J. Wood & Son's Drugstore and began using them. They effected a complete cure, and since then I have not had backache or any other symptom of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
